Winsted, Conn. - November 20, 2018 - Helping Hands, a 501(c)(3), community-based, home care service today announced that it has received an award of \$2,700 from the Archbishop's Annual Appeal. The funding will support medical transportation and provide services to vulnerable seniors living alone with limited family contact, homebound due to age or illness, or residing in remote areas of the community. The award will also provide food assistance during the holidays.

"Helping Hands appreciates the generosity of the many donors who contributed to the Archbishop's Annual Appeal," said Director Irene Connole. "This award will help us continue our mission to meet the individualized needs of our older adults and enhance their quality of life."

For over a decade, Helping Hands has served the basic human needs of seniors and disabled residents by providing affordable home care services, regardless of income. The goal is to enable older adults to remain safe and independent at home for as long as possible.
